To whom it may concern:

TOWA PHARMACEUTICAL CO., LTD.

Notice of a Fire at Part of the First Solid Dosage Building at Our Yamagata Plant

At around 7:58 a.m. Monday, July 14, 2025, a fire broke out at part of the First Solid Dosage Building (machine room) at our Yamagata Plant. We deeply apologize for the significant inconvenience and concern caused to our neighbors and all parties involved. We would like to inform you of the information currently known as follows.

1. Date and time

Fire outbreak: At around 7:58 a.m. Monday, July 14, 2025, a fire alarm was triggered.

Fire extinguished: At around 12:03 a.m. Monday, July 14, 2025, the fire department declared the fire extinguished.

2. Location

17-8, Aza Yuzakayama, Kanakame, Kaminoyama, Yamagata

The First Solid Dosage Building (machine room) at Towa Pharmaceutical's Yamagata Plant

3. Damage situation

There were no injuries.

Material damage included part of the machine room in the First Solid Dosage Building, and details are currently under investigation.

4. Cause

We conducted an on-site investigation with the fire department and confirmed that smoke was coming from equipment in the machine room. We will continue to work with the relevant authorities to quickly determine the cause and take appropriate measures.

5. Impact on business performance

The impact of this fire on our business performance is currently under review. The Second and Third Solid Dosage Buildings, other than the First Solid Dosage Building where the fire occurred, have been confirmed to be safe and are operating normally.

If any significant impact on performance is expected and matters requiring disclosure arise, we will promptly inform you.
